

Presbytery Chairmen

Funding Guide

Gaston Community Church

was a church plant that organized in 2009. They are in the process of constructing their own building and are using an ONA fund to help!

Kings Parish is a church plant in Dallas, TX. They have been utilizing the Seed Growers Matching Grant to help fund their ministry.

OUTREACH NORTH AMERICA

ona-arp.org

ONA partners with presbyteries to vitalize, revitalize and plant new churches in the USA and Canada for the ARP General Synod.

We do this through training, coaching, resourcing, assessing, monthly prayer update, newsletters, promoting and encouraging. We also take an active role in helping fund new and existing churches seeking to contextualize or revitalize their ministry. This tool is to help you understand what is available, how to access it, and how it is to be used.

.....

Grants

New Church Development Grant

Partnering with presbyteries and church planters, ONA funds new church development utilizing called, gifted and qualified planters in approved projects. Up to three year mission supplements are offered to help establish new works.

Intern & Residency Supplement Grant

One-year-long supplement intended to fund a future mission developer who needs more training, experience and mentoring before going on the field.

Property/Building Grants

When new churches move from “church in a box” to buying property or building their first building, ONA offers a grant of \$35,000 to offset the cost.

Seed Growers Matching Grant

ONA will match \$1 for every \$3 of newly raised money to help mission congregations bridge any financial gaps. (While this is a grant we hope churches who receive it will replenish the account so that other churches may receive these funds in the future.)

Dare to Dream Matching Grant

ONA will match \$1 for every \$3 of newly raised money (up to \$15,000) to help organized congregations enact strategies to contextualize their ministry to their community for Christ.

Low Interest Loans

Low Interest, High Ministry

By God’s grace and provision, ONA is also in the position to help our churches grow through our various loan programs. These are attractive alternatives to traditional bank mortgages in that the rates are often lower and the repayment terms are ministry minded.

Revolving Loan Fund

Mission or newly organized congregations can secure a loan for the purchase of property, building a building, or purchase of a church building.

Church Mobilization Loan Fund

Churches of fewer than 100 active members who are currently without a full time pastor can borrow funds to extend a call. This fund is also available for churches of 125 or more who are seeking to add staff in order to continue to grow in number and impact. The repayment terms are flexible and generous to ensure minimal cash flow impact.

Note: All funding requests must meet Synod guidelines and are to be presented to your presbytery, which will refer them to the ONA Board for consideration.
